

ACUITY

Workers' Compensation Reporting Instructions

All first reports may be reported to ACUITY by calling the toll free reporting #(800) 242-7666, Option 2, then Option 2 again for Work Comp claims; or faxed to ACUITY at (920) 458-0758. It is important that you mail or fax a copy of the first report of injury to us *in addition to* sending this initial report to the carrier. This step is important so that we are aware of the claim occurrence. Medical invoices, reports, etc., may be mailed direct to:

ACUITY
2800 S. Taylor Drive
Sheboygan, WI 53081

Any questions regarding lost-time payment to injured workers, unpaid invoices, etc., may be directed to ACUITY at (800) 242-7666. It is recommended that you still keep a copy of any items sent to Amerisure in case any problems arise requiring your agent's assistance.

If at any time you have questions, please feel free to call your Gibson Insurance claims representative for assistance at (800) 814-2122.
