

TRAVELERS INSURANCE

Workers' Compensation Reporting Instructions

All first reports may be reported to Travelers by phoning (800) 238-6225. A Travelers claim representative will provide you with the name, telephone number and address of the adjuster handling the new claim. If preferred, you may also fax the first report worksheet to Travelers at (877) 784-5329.

Any questions regarding lost-time payment to injured workers, unpaid invoices, etc., may be directed to Travelers. It is recommended that you still keep a copy of any items sent to Travelers in case any problems arise requiring your agent's assistance.

If at any time you have questions, please feel free to call your Gibson Insurance claims representative for assistance at (800) 814-2122.
