

ZURICH INSURANCE

Workers' Compensation Reporting Instructions

All first reports may be phoned into Zurich at (800) 987-3373, faxed at (877)962-2567, or emailed at: USZ_CareCenter@Zurichna.com. You may also visit Zurich's website at www.zurichna.com to report workers' compensation losses online. It is important that you mail, fax, or e-mail a copy of the first report of injury to us *in addition to* sending this initial report to the carrier. It is important that you take this step so that we are aware of the claim occurrence.

Any questions regarding lost-time payment to injured workers, unpaid invoices, etc., may be directed to Zurich at (800)987-3373. It is recommended that you still keep a copy of any items sent to Zurich in case any problems arise requiring your agent's assistance.

If at any time you have questions, please feel free to call your Gibson Insurance claims representative for assistance at (800) 814-2122.
